6. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. 2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amount, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. 4. If the information available to the competent authority of a Contracting State is inadequate to determine the profits to be attributed to the permanent establishment of an enterprise, nothing in paragraph 2 shall affect the application of any law of that State relating to the determination of the tax liability of that permanent establishment by the exercise of a discretion or the making of an estimate of the profits to be taxed of that permanent establishment by the competent authority of the Contracting State, provided that the law shall be applied, so far as the information available to the competent authority permits, in accordance with the principle of this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of paragraphs 1 to 5, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

 - (b) the use of, or the right to use any copyright of literary or artistic work including cinematograph films, or tapes for radio or television broadcasting.

The amount of credit, however, shall not exceed the amount of the Chinese tax on that income computed in accordance with the taxation laws and regulations of China.
 - (b) where the income derived from Malaysia is a dividend paid by a company which is a resident of Malaysia to a company which is a resident of China and which owns not less than 10 per cent of the shares of the company paying the dividend, the credit shall take into account the Malaysian tax payable by the company paying the dividend in respect of its income.
2. For the purposes of paragraph 1, the term "Malaysian tax payable" shall be deemed to include Malaysian tax which would, under the laws of Malaysia and in accordance with this Agreement, have been payable on:

- (b) interest to which paragraph 3 of Article 11 applies had that interest not been exempted from Malaysian tax in accordance with that paragraph.

3. Subject to the laws of Malaysia regarding the deduction of a credit against Malaysian tax of tax payable in any country other than Malaysia, the Chinese tax payable under the laws of China and in accordance with this Agreement by a resident of Malaysia in respect of income derived from China shall be allowed as a credit against Malaysian tax payable in respect of that income. Where such income is a dividend paid by a company which is a resident of China to a company which is a resident of Malaysia and which owns not less than 10 per cent of the voting shares of the company paying the dividend, the credit shall take into account the Chinese tax payable by that company in respect of its income out of which the dividend is paid. The credit shall not, however, exceed that part of the Malaysian tax, as computed before the credit is given, which is appropriate to such item of income.

4. For the purposes of the credit referred to in paragraph 3, the term "Chinese tax payable" shall be deemed to include the amount of Chinese tax which would have been paid if the Chinese tax had not been exempted, reduced or refunded in accordance with:
