5. A person (other than a broker, general commission agent or any other agent of an independent status to whom paragraph 6 applies) acting in a Contracting State on behalf of an enterprise of the other Contracting State shall be deemed to be a permanent establishment in the first-mentioned State, if:

Article 7

BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only on so much thereof as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses including executive and general administrative expenses, which would be deductible if the permanent establishment were an independent enterprise, insofar as they are reasonably allocable to the permanent establishment, whether incurred in the State in which the permanent establishment is situated or elsewhere.
4. If the information available to the competent authority is inadequate to determine the profits to be attributed to the permanent establishment of an enterprise, nothing in this Article shall affect the application of any law of that State relating to the determination of the tax liability of a person by the exercise of discretion or the making of an estimate by the competent authority, provided that the law shall be applied, so far as the information available to the competent authority permits, in accordance with the principle of this Article.
5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

Dividends paid by a company which is a resident of the Sudan to a resident of Malaysia may be taxed in the Sudan in accordance with the laws of the Sudan but if the recipient is the beneficial owner of the dividends the tax so charged shall not exceed 10 per cent of the gross amount of the dividends.

3. Dividends paid by a company which is a resident of Malaysia to a resident of the Sudan who is the beneficial owner thereof shall be exempt from any tax in Malaysia which is chargeable on dividends in addition to the tax chargeable in respect of the income of the company. Nothing in this paragraph shall affect the provisions of the Malaysian law under which the tax in respect of a dividend paid by a company which is a resident of Malaysia from which Malaysian tax has been, or has been deemed to be, deducted may be adjusted by reference to the rate of tax appropriate to the Malaysian year of assessment immediately following that in which the dividend was paid.

4. The term "dividends" as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State, of which the company paying the dividends is a resident, through a permanent establishment situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such a case, the provisions of Article 7 shall apply.

6. Where a company which is a resident of a Contracting State derives income or profits from the other Contracting State, that other State may not impose any tax on the dividends paid by the company to persons who are not residents of that other State, or subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of income or profits arising in such other State.

Article 11

INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may be taxed in the Contracting State in which it arises, and according to the laws of that State, but if the recipient is the beneficial owner of the interest, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest to which a resident of the Sudan is beneficially entitled shall be exempted from Malaysian tax if the

In such a case, the provisions of Article 7 shall apply.

8. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a statutory body thereof, or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the State in which the permanent establishment is situated.

9. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest paid, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for:

- (a) the use of, or the right to use, any patent, trade mark, design or model, plan, secret formula or process, or any copyright of scientific work, or for the use of, or the right to use, industrial, commercial, or

scientific equipment, or for information concerning industrial, commercial or scientific experience;

- (b) the use of, or the right to use, cinematograph films, or tapes for radio or television broadcasting, any copyright of literary or artistic work.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such a case, the provisions of Article 7 shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a statutory body thereof, or a resident of that State. Where, however, the person paying such royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the obligation to pay the royalties was incurred, and such royalties are borne by such permanent establishment, then such royalties shall be deemed to arise in the State in which the permanent establishment is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties paid, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the provisions of Article 7 or Article 15, as the case may be, shall apply.

4. Technical fees shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a statutory body thereof, or a resident of that State. Where, however, the person paying the technical fees, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the obligation to pay the technical fees was incurred, and such technical fees are borne by such permanent establishment, then such technical fees shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

5. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the technical fees paid exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. 1. Subject to the laws of Malaysia regarding the allowance as a credit against Malaysian tax of tax payable in any country other than Malaysia, the Sudanese tax payable under the laws of the Sudan and in accordance with this Agreement by a resident of Malaysia in respect of income derived from the Sudan shall be allowed as a credit against Malaysian tax payable in respect of

that income. Where such income is a dividend paid by a company which is a resident of the Sudan to a company which is a resident of Malaysia and which owns not less than 15 per cent of the voting shares of the company paying the dividend, the credit shall take into account the Sudanese tax payable by that company in respect of its income out of which the dividend is paid. 2. For the purposes of paragraph 1, the term "the Sudanese tax payable" shall be deemed to include taxes which have been relieved or reduced in the Sudan by virtue of special incentive laws for the promotion of the economic development of the Sudan or any other provisions which may subsequently be introduced in the Sudan in modification of, or in addition to, those laws or by virtue of the provisions of this Agreement shall be deemed to have been paid and shall wherever applicable be allowed as a credit in Malaysia in an amount equal to the tax which would have been paid if no such relief or reduction had been made.

Where such income is a dividend paid by a company which is a resident of Malaysia to a company which is a resident of the Sudan and which owns not less than 15 per cent of the voting shares of the company paying the dividend, the credit shall take into account the Malaysian tax payable by that company in respect of its income out of which the dividend is paid. 4. For the purposes of paragraph 3, the term "the Malaysian tax payable" shall be deemed to include:
