4. Notwithstanding the provisions of paragraphs 1 and 2, where a person -- other than an agent of an independent status to whom paragraph 5 applies -- is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 3 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

5. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, he will not be considered an agent of an independent status within the meaning of this paragraph.

Article 7

BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses including executive and general administrative expenses, which would be deductible if the permanent establishment were an independent enterprise, in so far they are reasonably allocable to the permanent establishment, whether incurred in the State in which the permanent establishment is situated or elsewhere.

4. If the information available to the competent authority is inadequate to determine the profits to be attributed to the permanent establishment of an enterprise, nothing in this Article shall affect the application of any law of that State relating to the determination, of the tax liability of a person by the exercise of a discretion or the making of an estimate by the competent authority, provided that the law shall be applied, so far as the information available to the competent authority permits, in accordance with the principle of this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

SHIPPING AND AIR TRANSPORT

1. Income derived by an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.

2. Notwithstanding the provisions of paragraph 1 of Article 7, income derived from the operation of ships or aircraft solely between places in a Contracting State may be taxed in that State.

3. The provisions of paragraphs 1 and 2 of this Article shall also apply to income derived by an enterprise of a Contracting State from the participation in a pool, a joint business or in an international operating agency.

Article 9

ASSOCIATED ENTERPRISES

1. Where:

a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State, and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State -- and taxes accordingly -- profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are by the first-

mentioned State claimed to be profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State may make an appropriate adjustment to the amount of the tax charged therein on those profits, where that other State considers the adjustment justified. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting States shall, if necessary, consult each other.

Article 10

DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident, and according to the laws of that State, but if the recipient is the beneficial owner of the dividends the tax so charged shall not exceed;
 - a) 10 per cent of the gross amount of the dividends if the beneficial owner is a company (excluding partnership) which holds directly at least 25 per cent of the capital of the company paying the dividends;
 - b) 15 per cent of the gross amount of the dividends in all other cases.
3. Dividends paid by a company which is a resident of Malaysia to a resident of Turkey who is the beneficial owner thereof shall be exempt from any tax in Malaysia which is chargeable on dividends in addition to the tax chargeable in respect of the income of the company. Nothing in this paragraph shall affect the provisions of the Malaysian law under which the tax in respect of a dividend paid by a company which is a resident of Malaysia from which Malaysian tax has been, or has been deemed to be, deducted may be adjusted by reference to the rate of tax appropriate to the Malaysian year of assessment immediately following that in which the dividend was paid.
4. The term "dividends" as used in the Article means income from shares, "jouissance" shares or "jouissance" rights, founders' shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

The profits of a company of a Contracting State carrying on business in the other Contracting State through a permanent establishment situated therein may, after having been taxed under Article 7, be taxed on the remaining amount in the Contracting State in which the permanent establishment is situated and in accordance with paragraph 2 of this Article.
6. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of

the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

Article 11

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the recipient is the beneficial owner of the interest the tax so charged shall not exceed 15 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest to which a resident of Turkey is beneficially entitled shall be exempt from Malaysian tax if the loan or other indebtedness in respect of which the interest is paid is an approved loan as defined in section 2 (1) of the Income Tax Act 1967 of Malaysia.

4. Notwithstanding the provisions of paragraphs 2 and 3, interest arising in:

In such case the provisions of Article 7 shall apply.

7. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a statutory body thereof, or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

8. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

In such case the provisions of Article 7 shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a statutory body thereof, or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the right or property giving rise to the royalties

is effectively connected, and such royalties are borne by such permanent establishment, then such royalties shall be deemed to arise in the State in which the permanent establishment is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties paid, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount in such case the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.
